Fully-Functional 14 Day Trial

Quickly begin collecting real-time data from the shop floor. No IT support is required and there are no databases or servers to maintain. Access your data anywhere there is an internet connection.

Real-Time Viewer

Collecting data is one thing, making it useful is another. Scytec DataXchange provides real-time dashboards that deliver instant feedback from the shop floor.

Why Scytec DataXchange?

DataXchange is designed to evolve with the industry, integrate with other systems such as ERP, and grow with your business.

What's Stopping You?

No time? Start collecting data within two hours.

Cost? No large upfront cost, true month to month without long term commitments and no minimum size order. Our system is scalable, upgrade as your needs grow.

See the benefits of monitoring your equipment for yourself. Call us to setup your two week trial today.

Personal Dashboard

The real-time dashboard can be configured by each individual user to view data the way you want to see it. Organize your machines in cells, groups or locations. Create multiple dashboard to provide quick access to the information that is needed to make critical business decisions.
