

MACHINE MONITORING DEPLOYMENT OPTIONS

Scytec DataXchange, brought to you by Shop Floor Automations, offers both cloud and on-premise hosting options to cater to the deployment needs of your specific manufacturing facility.

CLOUD

- ✓ FASTER, EASIER DEPLOYMENT
- ✓ FLEXIBLE LICENSING
- ✓ AUTOMATIC SOFTWARE UPDATES
- ✓ EMBEDDED DATA SECURITY & SUPPORT
- ✓ DATA ACCESSIBILITY ANYWHERE, ANYTIME
- ✓ REGULATION COMPLIANCE WITH GOV CLOUD

ON-PREMISE

- ✓ CONTROL THE LOCATION & ACCESS OF YOUR DATA
- ✓ ONE-TIME, UPFRONT COST
- ✓ RESPONSIBLE FOR YOUR OWN MAINTENANCE & SECURITY
- ✓ SCALABILITY DICTATED BY IN-HOUSE SOFTWARE & HARDWARE RESOURCES

While companies that prioritize scalability, cost-effectiveness and accessibility may find cloud machine monitoring solutions more attractive, on-premise machine monitoring can be more suitable for manufacturers with specialized needs or compliance requirements.

CLOUD & ON- PREMISE DEPLOYMENT PRICING

Choose the machine monitoring investment model that fits your budgetary requirements.

The automatic updates and embedded data security and support of DataXchange in the cloud and GovCloud make deployment fast, easy, regulation-compliant and accessible anywhere.

For those seeking to control the location of their data and take on an upfront perpetual license, the on-premise option of DataXchange is simple and straight forward.

 CLOUD	Bronze <ul style="list-style-type: none"> \$52 per month/machine \$1,000 one-time account activation fee 4% annual term discount
	Silver <ul style="list-style-type: none"> \$75 per month/machine \$1,500 one-time account activation fee 4% annual term discount
	Gold <ul style="list-style-type: none"> \$99 per month/machine \$2,000 one-time account activation fee 4% annual term discount
