MACHINE MONITORING

DEPLOYMENT OPTIONS

Scytec DataXchange, brought to you by Shop Floor Automations, offers both cloud and on-premise hosting options to cater to the deployment needs of your specific manufacturing facility.

CLOUD

✓ FASTER, EASIER DEPLOYMENT

✓ FLEXIBLE LICENSING
MONTHLY, ANNUAL, & 2-YEAR

✓ AUTOMATIC SOFTWARE UPDATES

✓ EMBEDDED DATA SECURITY & SUPPORT

✓ DATA ACCESSIBILITY ANYWHERE, ANYTIME

ON-PREMISE

✓ CONTROL THE LOCATION & ACCESS OF YOUR DATA

✓ ONE-TIME, UPFRONT COST

✓ RESPONSIBLE FOR YOUR OWN MAINTENANCE & SECURITY

✓ SCALABILITY DICTATED BY IN-HOUSE SOFTWARE & HARDWARE RESOURCES

Companies that prioritize scalability, cost-effectiveness and accessibility may find cloud machine monitoring solutions more attractive. Our on-premise machine monitoring can be more suitable for manufacturers with specialized needs or compliance requirements.

DATAXCHANGE

CLOUD & ON-PREMISE

DEPLOYMENT PRICING

Choose the machine monitoring investment model that fits your budgetary requirements.

The automatic updates and embedded data security and support of DataXchange in the cloud make deployment fast, easy and accessible anywhere.

For those seeking to control the location of their data and take on an upfront perpetual license, the on-premise option of DataXchange is simple and straight forward.
